

Medical Student Perception Questionnaire

Dear Medical Student,

We would like first to thank you for taking this survey.

It focuses on the value of medical students and their viewpoints as the most important direct stakeholder of medical schools.

Your valuable contribution would help us to precisely evaluate the status quo and formulate a vision for building a better future for medical education in Egypt.

Please be ensured that anything you say in this form is strictly confidential and will only be used for research and development purposes.

Best regards,
